1 ADVICE FROM WORK EXPERIENCE

The process identifies and analyzes in detail the skills and professional expectations of the person, evaluating and making the recommendations of the training offers that best suit their profile and interests.

2 RECOGNITION OF WORK EXPERIENCE

Academically recognizing work experience, volunteering or non-formal training during working life. In the process, performed tasks are verified and equated with the contents of the related vocational training cycles.

3 DUAL VET & TRAINING IN WORKPLACES

We collaborate jointly with companies in the training of our students, in alternation modality between the school and the company, so that they develop the skills of the different professional profiles in the workplaces.

4 INNOVATION AND ENTREPRENEURSHIP

We put the talent of the student at the service of the companies to solve the challenges posed by the new environments in order to increase the productivity of the organization. We collaborate with them in the development of innovation and knowledge transfer projects.

5 SERVICES TO COMPANIES AND ENTITIES

We enhance the network of collaborations through space and equipment rental, good practices sharing and contact with the expert teachers that may be needed.

6 INTERNATIONAL MOBILITY PROGRAMS

Our students can do part of their practical training at companies in different European Union countries thanks to the Erasmus+ Program and specific agreements with other entities.

7 JOB BOARD

We manage a job board for our students and those already qualified in VET through the LinkedIn professional network and the association EmpresaFP.
